### Certificate

The insurance policy of my car is due for renewal next week. I have entrusted the job of renewing the policy to Mr.Prakash Kankariya of PK Insurance and Services.

Mr.Prakash has explained to me all the important features of the policy and has given me a quote for the renewal premium with the maximum discount. The policy has been made ready within a day after getting the payment details.

After getting the details about our business from me, Mr.Prakash has also suggested that we take a few policies such as accident insurance for our staff, insurance for cash in safe and in transit. As the suggestion has been quite useful, I have decided to take these policies also.

I appreciate the professional service rendered by Mr.Prakash and I would recommend PK Insurance & Services for any of the insurance needs of my friends.
